Other than for the purposes of universality quota places, participation in both of these events is compulsory; if an athlete fails to participate in any of these two events, he/she shall not be eligible to participate at the Olympic Games Paris 2024, except in truly exceptional circumstances.

Such would require an extraordinary objective (physical or other) impossibility to attend a “Compulsory Event” (for example attending the competition was impossible due to travel restrictions). The regime of exceptional circumstances shall be strictly applied, in view of the overall objective of the rule. Whether exceptional circumstances are present will be reviewed and decided by a commission of five (5) persons appointed by the IWF Executive Board, composed of three persons recommended by the International Testing Agency (ITA), chair of the IWF Technical Committee and chair of the IWF Medical Committee (without voting rights). Rules governing the procedure before the commission shall be issued by the IWF Executive Board. Any application for exemption based on exceptional circumstances shall be filed with the IWF Secretariat as soon as possible from the moment the exceptional circumstances have become known, and at the very latest within five (5) days from the last competition day of the “Compulsory Event” in which the Athlete did not participate. Exception might be granted only once per Athlete. The decision of the Commission shall be deemed final with no recourse to appeal. Please note that this procedure does not apply to “Additional Events”.

- f) With reference to article 5.5.16 of the IWF ADR, the list of Athletes set to participate in any of the qualification events above (and the related whereabouts information per this provision) must be submitted at minimum three (3) months prior to the qualification event in question. For the avoidance of doubt, in case of non-compliance, the consequences outlined in Article 5.5.13 of the IWF ADR are applicable.

- a) In the event that during the period from 23 July 2021 until 25 July 2024 a Member Federation (MF) is found to have breached an obligation under the IWF ADR, including, without limitation, under Article 18 (but excluding the violations under Article 12), or failed to comply with any directive or request on anti-doping matters issued by the IWF, the Independent Panel may withdraw some or all of the quota place(s) from that MF/NOC with regard to the Olympic Games Paris 2024 or the next ensuing Olympic Games.
- b) Should three (3) or more Anti-Doping Rule Violations sanctioned by IWF or Anti-Doping Organisations other than a Member Federation or its National Anti-Doping Organisation have been committed by Athletes and/or other Persons affiliated to such MF/NOC from 23 July 2021 until 25 July 2024, the Independent Panel may withdraw some or all of the quota place(s) from that MF/NOC with regard to the Olympic Games Paris 2024 or the next ensuing Olympic Games.¹ In cases where three or more of the underlying violations involve periods of Ineligibility of four years or more, all quota places shall be withdrawn.
- c) When considering the application of point a) and b) above, the Independent Panel may refer to the principles set forth in Article 12.3.2 and 12.4 IWF ADR applicable to the imposition of Member Consequences. Similarly, the procedural rules of Article 12.7 of the IWF ADR apply by analogy to the process pertaining to the provisions above.

¹Quota reduction with respect to the next ensuing Olympic Games may be justified eg. where the third Anti-Doping Rule Violation is only reported after the Olympic Games Paris 2024.

- d) Any quota places withdrawn pursuant to point a) and/or b) above shall be reallocated in accordance with the reallocation process as detailed in section **F. Reallocation of Unused Places**.
